All prices excl. VAT

**Do you work with another photographer?**

I do recommend a second shooter to get more complete coverage. The cost will be £400 for another photographer.

**Will we have colour or black and white photos?**

You will receive a selection of both; I will decide which photos look best in both.

**How long will we have to wait for our photos?**

You will see your online photos in 2-3 weeks with the preview book arriving a week after that.

**Will our photos be hosted online?**

Yes, in a password protected gallery on my website where guests can browse all of the photos and purchase prints if they wish.

**If you are ill, what happens?**

If I am ill and simply cannot cover your day I would put someone in place who is of a similar personality to me and who has a similar work ethic.

**Who owns the copyright of my photos?**

Philippa Gedge Photography would own the copyright of the photos but you are buying the full usage rights forever. This means that I can use the photos for my own marketing both online and in print.

**What can I do with my photos?**

I will send you your photos on a USB stick or as downloads via Dropbox or WeTransfer. You can print them out, make books, mouse mats, mugs, calendars, have canvases made up, and use them online; pretty much anything you like expect using them for financial gain, i.e selling them to magazines.

**What is your style?**

I would describe my style as photo-journalistic and natural but I do always pose the family groups.

**How will you behave on the day?**

I am a friendly, happy natured person. When it is required I will blend into the background and become a subtle part of your day but I will also take charge for things like family groups and if you choose to have one, the photo of all of your guests, I can shout and charm people when required!

**Do you have a refund policy?**

Upon booking I kindly ask for a £350 booking fee which is non-refundable. The balancing payment is due 2 weeks before the wedding date and once this is paid is also non-refundable unless in extenuating circumstances.

**Will you retouch our photos?**

I colour correct all of the photos and balance them to look their best. For close up shots of you both I will retouch any obvious facial blemishes.

**Do you offer an engagement shoot?**

Yes I do and this can be booked for a small fee of £200 plus mileage if you book your wedding photography with me.

**What happens if our wedding day over runs and exceeds your 8 hours?**

In this case I would charge £150 per hour per photographer

**How long have you been a wedding photographer?**

I started my photography business in 2005 and started shooting weddings on film before that in 2003/4. I also shoot corporate, event and family photography.

**What is included in your basic price of £1500?**

8 hours photography, an A4 preview book of all of your photos, an online password protected gallery.

**What is not included in your basic price?**

Travel expenses exceeding 50 miles, extra hours, wedding albums and VAT.

**Will I have to pay for VAT?**

Yes, and this is currently set at 20%.
